About TimeWorn

TimeWorn, located in central Minnesota, is passionate about transforming reclaimed and new lumber into handcrafted, top-quality wood table tops and communal dining tables. TimeWorn is well-established and their products are available in the largest variety of sizes the market has to offer.

TimeWorn is dedicated to providing their customers with a selection of products to best fit the wood type, color, and texture they need.

Owners Amanda and Jared Groebner have backgrounds in construction, interior design, and architecture. With over a decade of experience TimeWorn creates timeless, durable and beautiful restaurant furniture.

Eased Edge
*custom shapes and
clipped or rounded
corners also available*

MAXIMUM WIDTH: 6' (72")

MAXIMUM DIAMETER: 6' (72")

Standard Plank Tops are an effortless and stylish way to incorporate solid wood tops into any interior. They are assembled with a mix of 1-1/2" to 2" wide quartersawn and flat-sawn staves and have full plank ends. All nail holes and character marks are putty filled and the tops are sanded smooth. The top, sides, and bottom of the table tops are finished with multiple layers of a two-part acrylic polyurethane sealer and top coat system in a matte sheen.

George and the Dragon CASE STUDY

GEORGE & THE DRAGON FAST FACTS:

WEBSITE: ganddpub.com

OPENED: May 2012

SIZE: 2,500 square foot pub

TABLE TOPS:

- Nutty Oak table tops
- Redwood bar top and 3 large table tops

George & the Dragon is a small neighborhood pub owned by a husband and wife. TimeWorn created beautiful and unique pieces for them, including the crown molding, the wood paneling, and the bar and table tops.

QUALITY PRODUCTS AND CUSTOMER SERVICE

Some of the pub's standout features are the redwood tables and bar top. "You haven't been able to buy redwood since the fifties," owner Fred Navarro said. "This is all reclaimed and rescued wood."

"The one thing that sets TimeWorn apart from everything else is the personal touch you get with Jared & Amanda," Fred said. "They care about the quality of the product, and they care about you as a customer. We've always viewed Jared & Amanda like family, and they treat George & the Dragon like it's their restaurant, and we definitely appreciate that."

Unmapped Brewing Co.

CASE STUDY

UNMAPPED BREWING FAST FACTS:

WEBSITE: unmappedbrewing.com

OPENED: June 17th, 2017

SIZE: 4,000 Square Foot Taproom

TABLE TOPS:

- All Oak Butcher Block Table Tops
- Eight 28" x 120" communal tables, with Annapolis style bases
- Thirty-two 14" x 53" benches for the communal tables, with Annapolis style bases
- Five 36" x 36" table tops
- Two 18' custom shuffleboard tables

Founded by avid outdoor enthusiasts,

Unmapped Brewing is built around a passion for time spent in nature and quality craft beer. "We were immediately attracted to the beauty of [TimeWorn's] tables and knew the wooden table tops would provide the unique naturalness that we desired," said JD Park, co-owner of the brewery.

BRINGING ELEMENTS OF NATURE INTO A TAPROOM

Unmapped Brewing has a large brewing system and taproom where customers can enjoy a locally made brew. The design of the Unmapped Brewing taproom embodies the spirit of the company by bringing elements of the natural world indoors.

A BUSINESS THAT TREATS YOU LIKE FAMILY

"Working with a family business, meeting the team, and seeing how the table tops are crafted firsthand was a fantastic experience," JD said. "The level of care and respect that TimeWorn gives their clients is something you don't see very often anymore."

Distressed Tops are hand textured using a variety of tools and techniques. The tops are then stained and sanded to capture the charm that only comes from years of use. The tops are assembled with a mix of 1-1/2" to 2" wide quartersawn and flat-sawn staves with full plank ends. All natural character marks are putty filled and the tops are sanded. The distressed markings are not putty filled which leaves the tops with a light and varied texture. The top, sides, and bottom of the table tops are finished with multiple layers of a two-part acrylic polyurethane sealer and top coat system in a matte sheen.

Rustic Patina Tops have by far the most character and texture of all the products. The tops are assembled with a mix of 1-1/2" to 2" wide quartersawn and flat-sawn staves with full plank ends. All nail holes and deep character marks are putty filled and the tops are skip-sanded to leave a textured surface. The top, sides, and bottom of the table tops are finished with multiple layers of a two-part acrylic polyurethane sealer and top coat system in a matte sheen.

Utepils Brewing Co.

CASE STUDY

UTEPILS BREWING FAST FACTS:

WEBSITE: utepilsbrewing.com

OPENED: February 18, 2017

SIZE: 18,000+ Square Feet

TABLE TOPS:

- Seventeen 36" x 36" Rustic Patina Cherry Wooden Table Tops
- New Table Legs Made Using Reclaimed Pine

Drawing inspiration from European and Bavarian design, the Utepils team wanted to make sure their taproom felt authentic and warm.

"In Europe, specifically Germany, they use a lot of long wooden table tops to create a sense of gathering in their breweries," said Kelsey Bomgaars, Utepils Brewing's Taproom Manager. "We wanted to capture that same idea by using wooden tables where people can have great conversations and enjoy great beer together."

FROM BEER TO TABLE TOPS: ATTENTION TO EVERY DETAIL

Utepils' 18,000 square foot site features an iconic taproom, relaxing outdoor beer garden, and a full scale craft brewery.

"TimeWorn's attention to detail in the manufacturing of their wooden table tops was something we held very near to our hearts, and it perfectly complements the way we brew our beer," said Kelsey.

"I really believe that having table tops that look beautiful and feel authentic creates a warm environment where people feel comfortable connecting with each other," Kelsey said.
